Use of Cookies

The Givewell website uses "cookies" to help you personalise your online experience. A cookie is a text file that is placed on your hard disk by a web page server. Cookies cannot be used to run programs or deliver viruses to your computer. Cookies are uniquely assigned to you, and can only be read by a web server in the domain that issued the cookie to you. One of the primary purposes of cookies is to provide a convenience feature to save you time. The purpose of a cookie is to tell the web server that you have returned to a specific page. For example, if you personalise Givewell pages, or register with Givewell site or services, a cookie helps Walsh Consultants Pty Ltd to recall your specific information on subsequent visits.
